Growth and performance marketer who already builds on Sarvam. **41+ political campaigns** across Maharashtra on **₹7.6L of Meta spend**, **₹75.2L in sales at roughly 10x** for PK Films India, **50+ sites** shipped for Chakan MIDC companies, and a voice AI product running on **Sarvam's APIs** under the Sarvam AI Startup Program.

EXPERIENCE

Founder

MAR 2026 – OCT 2026

DialVola · AI voice call centre

- Built and sold an AI voice call centre to **22+ astrologers in Pune**. Found the segment, wrote the pitch, closed every client personally.
- Built on **Sarvam's APIs** under the **Sarvam AI Startup Program**. Using the stack showed me both the pull, Indic speech and Hinglish and latency, and the friction.
- Wrote an **OpenAI-compatible shim** to remove the switching cost from OpenAI, the same friction that keeps developers on whichever provider they started with.
- The product worked and distribution did not. That gap is why I am applying for this role rather than starting another company.

Co-Founder

AUG 2023 – FEB 2026

Nexussv · Full-time

- Ran **41+ political campaigns** across Maharashtra, including **MLA and MP election campaigns for the NCP**.
- Managed **₹7.6 lakh of Meta ad spend** delivering **16.7M impressions**. Audience targeting, vernacular creative, and daily optimisation against a fixed polling date.
- Grew the agency to **23+ clients** over two and a half years, including **50+ sites** for companies across Chakan MIDC.

– Client and campaign specifics withheld under agency confidentiality.

Growth & Performance Marketing

MAY 2025 – DEC 2025

PK Films India · Part-time

- Drove **₹75.2L in sales on ₹7.6 lakh of ad spend** across WhatsApp Ads and Google Ads, roughly a **10x return**.
- Owned the full paid funnel: targeting, creative, WhatsApp conversation flow and conversion tracking.

Campaign Design & Creative

SEP 2024

India Post · Project engagement

- Produced design and creative for a campaign serving offline offices across rural Pune, marketing to audiences reached in person rather than online.
